

U.S. SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended June 30, 2014

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934.

For the transition period from _____ to _____.

Commission file number 001-31972

TELKONET, INC.

(Exact name of Registrant as specified in its charter)

Utah

(State or Other Jurisdiction of Incorporation or Organization)

87-0627421

(I.R.S. Employer Identification No.)

20800 Swenson Drive, Suite 175, Waukesha, WI
(Address of Principal Executive Offices)

53186
(Zip Code)

(414) 223-0473

(Registrant's Telephone Number, Including Area Code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Exchange Act during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer

Accelerated filer

Non-accelerated filer

(Do not check if a smaller reporting company)

Smaller reporting company

Indicate by check mark whether the registrant is a shell company as defined in Rule 12b-2 of the Exchange Act. Yes No

The number of shares outstanding of the registrant's common stock, par value \$0.001 per share, as of July 31, 2014 is 125,035,612.

TELKONET, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2014
(UNAUDITED)

NOTE A – BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the accompanying condensed consolidated financial statements follows.

General

The accompanying unaudited condensed consolidated financial statements of Telkonet, Inc. (the “Company”) have been prepared in accordance with Rule S-X of the Securities and Exchange Commission (the “SEC”) and with the instructions to Form 10-Q. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. However, the results from operations for the six months ended June 30, 2014, are not necessarily indicative of the results that may be expected for the year ending December 31, 2014. The unaudited condensed consolidated financial statements should be read in conjunction with the consolidated December 31, 2013 financial statements and footnotes thereto included in the Company's Form 10-K filed with the SEC.

Business and Basis of Presentation

The Company formed in 1999 and incorporated under the laws of the state of Utah is made up of two synergistic business divisions, EcoSmart Energy Management Technology and EthoStream High Speed Internet Access (HSIA) Network.

The condensed consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries, Telkonet Communications, Inc., and EthoStream, LLC. All significant intercompany balances and transactions have been eliminated in consolidation.

Going Concern

The accompanying condensed consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which contemplate continuation of the Company as a going concern. The Company reported a net loss of \$559,123 for the six months ended June 30, 2014, and has an accumulated deficit of \$122,507,970 and total current liabilities in excess of current assets of \$1,125,295 as of June 30, 2014.

Our ability to continue as a going concern is subject to our ability to consistently generate a profit and positive operating cash flows and/or obtain necessary funding from outside sources, including by the sale of our securities or assets, or obtaining loans from financial institutions, where possible. We may also experience net operating losses in the future and the uncertainty regarding contingent liabilities cast doubt on our ability to satisfy such liabilities and the Company cannot make any representations for the remainder of fiscal 2014 and beyond. The accompanying condensed consolidated financial statements do not include any adjustments that might result from the outcome of these uncertainties.

Anticipated cash flows from operations may be insufficient to satisfy the Company's ongoing capital requirements for at least the next 12 months. In May 2013, the Company entered into a Revolving Credit Facility (the “Agreement”) with Bridge Bank, NA (the “Bank”), the principal not to exceed \$2,000,000. This credit facility was available for working capital and other lawful business purposes. As of March 31, 2014 and December 31, 2013, the Company was in violation of a financial performance covenant. Although the Company's violation of the financial performance covenant constituted a default under the Agreement, the Bank did not pursue any remedies under the default provisions of the Agreement. On May 31, 2014, the Bank and the Company mutually agreed to terminate the Agreement and the remaining balance, \$50,000, was paid in full.

Management intends to review the options for raising capital including, but not limited to, through asset-based financing, private placements, and/or disposition of assets. Management believes that if it is able to obtain this financing, the Company will be able to generate additional revenues that will allow the Company to continue as a going concern. There can be no assurance that the Company will be successful in obtaining additional funding or generate sufficient additional revenues.

Restricted Cash on Deposit

During 2012, the Company was awarded a contract with a bonding requirement. The Company satisfied this requirement during the year ended December 31, 2013 with cash collateral supported by an irrevocable standby letter of credit in the amount of \$382,000 which was to expire September 30, 2014, or sooner if the Company satisfied all obligations under the arrangement. The amount is presented as restricted cash on deposit on the consolidated balance sheet as of December 31, 2013. In March 2014, the Company satisfied all obligations related to the bonding requirement and the cash was released.

During 2014, the Company was again awarded a contract with a bonding requirement. The Company satisfied this requirement during the three and six months ended June 30, 2014 with cash collateral supported by an irrevocable standby letter of credit in the amount of \$63,000 which is to expire December 31, 2014, or sooner if the Company satisfies all obligations under the arrangement. The amount is presented as

restricted cash on deposit on the consolidated balance sheet as of June 30, 2014.

TELKONET, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2014
(UNAUDITED)

Income (Loss) per Common Share

The Company computes net income (loss) per share under ASC 260-10, "Earnings Per Share". Basic net income (loss) per common share is computed by dividing net income (loss) by the weighted average number of shares outstanding of common stock. Diluted income (loss) per share is computed using the weighted average number of common and common stock equivalent shares outstanding during the year. Dilutive common stock equivalents consist of shares issuable upon the exercise of the Company's outstanding stock options and warrants. As a result of the losses for the six months ended June 30, 2014 and 2013, there were 11,295,139 and 11,402,512 shares of common stock underlying options and warrants excluded, respectively, as their inclusion would have been anti-dilutive.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Taxes

The Company accounts for income taxes in accordance with ASC 740-10 "Income Taxes." Under this method, deferred income taxes (when required) are provided based on the difference between the financial reporting and income tax bases of assets and liabilities and net operating losses at the statutory rates enacted for future periods. The Company has a policy of establishing a valuation allowance when it is more likely than not that the Company will not realize the benefits of its deferred income tax assets in the future.

The Company adopted ASC 740-10-25, which prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. ASC 740-10-25 also provides guidance on derecognition, classification, treatment of interest and penalties, accounting in interim periods and disclosure and transition related to the uncertainty in these income tax positions.

Revenue Recognition

For revenue from product sales, we recognize revenue in accordance with ASC 605-10, "Revenue Recognition" and ASC Topic 13 guidelines that require that four basic criteria must be met before revenue can be recognized: (1) persuasive evidence of an arrangement exists; (2) delivery has occurred; (3) the selling price is fixed and determinable; and (4) collectability is reasonably assured. Determination of criteria (3) and (4) are based on management's judgments regarding the fixed nature of the selling prices of the products delivered and the collectability of those amounts. Provisions for discounts and rebates to customers, estimated returns and allowances, and other adjustments are provided for in the same period the related sales are recorded. The guidelines also address the accounting for arrangements that may involve the delivery or performance of multiple products, services and/or rights to use assets.

Multiple-Element Arrangements ("MEAs"): The Company accounts for contracts that have both product and installation under the MEAs guidance in ASC 605. The Company believes the volume of these contracts will continue to increase. Arrangements under such contracts may include multiple deliverables, a combination of equipment and services. The deliverables included in the MEAs are separated into more than one unit of accounting when (i) the delivered equipment has value to the customer on a stand-alone basis, and (ii) delivery of the undelivered service element(s) is probable and substantially in our control. Arrangement consideration is then allocated to each unit, delivered or undelivered, based on the relative selling price of each unit of accounting based first on vendor-specific objective evidence ("VSOE") if it exists, second on third-party evidence ("TPE") if it exists and on estimated selling price ("ESP") if neither VSOE or TPE exist.

- VSOE – Based on its pricing and discounting practices for the specific product or service when sold separately, considering geographical, customer, and other economic or marketing variables, as well as renewal rates or stand-alone prices for the service element(s).
- TPE – If we cannot establish VSOE of selling price for a specific product or service included in a multiple-element arrangement, we use third-party evidence of selling price. We determine TPE based on sales of comparable amount of similar product or service offered by multiple third parties considering the degree of customization and similarity of product or service sold.
- ESP – The estimated selling price represents the price at which we would sell a product or service if it were sold on a stand-alone basis. When neither VSOE nor TPE exists for all elements, we determine ESP for the arrangement element based on sales, cost and margin analysis, as well as other inputs based on our pricing practices. Adjustments for other market and Company-specific factors are made as deemed necessary in determining ESP.

TELKONET, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2014
(UNAUDITED)

When MEAs include an element of customer training, it is not essential to the functionality, efficiency or effectiveness of the MEA. Therefore the Company has concluded that this obligation is inconsequential and perfunctory. As such, for MEAs that include training, customer acceptance of said training is not deemed necessary in order to record the related revenue, but is recorded when the installation deliverable is fulfilled. Historically, training revenues have not been significant.

We provide call center support services to properties installed by us and also to properties installed by other providers. In addition, we provide the property with the portal to access the Internet. We receive monthly service fees from such properties for our services and Internet access. We recognize the service fee ratably over the term of the contract. The prices for these services are fixed and determinable prior to delivery of the service. The fair value of these services is known due to objective and reliable evidence from standalone executed contracts. We report such revenues as recurring revenues.

Guarantees and Product Warranties

The Company records a liability for potential warranty claims in cost of sales at the time of sale. The amount of the liability is based on the trend in the historical ratio of claims to sales, the historical length of time between the sale and resulting warranty claim, new product introductions and other factors. The products sold are generally covered by a warranty for a period of one year. In the event the Company determines that its current or future product repair and replacement costs exceed its estimates, an adjustment to these reserves would be charged to earnings in the period such determination is made. For the six months ended June 30, 2014 and the year ended December 31, 2013, the Company experienced returns of approximately 1% to 4% of materials included in the cost of sales. As of June 30, 2014 and December 31, 2013, the Company recorded warranty liabilities in the amount of \$62,943 and \$77,943, respectively.

Product warranties for the six months ended June 30, 2014 and the year ended December 31, 2013 are as follows:

	<u>June 30, 2014</u>	<u>December 31, 2013</u>
Beginning balance	\$ 77,943	\$ 69,743
Warranty claims incurred	(18,419)	(9,106)
Provision charged to expense	3,419	17,306
Ending balance	<u>\$ 62,943</u>	<u>\$ 77,943</u>

Lease Abandonment

On July 15, 2011, the Company executed a sublease agreement for approximately 12,000 square feet of commercial office space in Germantown, Maryland. Because we no longer have access to this subleased space, we recorded a charge of \$59,937 in accrued liabilities and expenses related to this abandonment during 2011. On June 27, 2012 the subtenant exercised the option to extend the expiration of the term of the sublease from January 31, 2013 to December 31, 2015 and we recorded an additional charge of \$132,174. The remaining liability at June 30, 2014 was \$68,494 and at December 31, 2013 was \$91,981.

NOTE B – NEW ACCOUNTING PRONOUNCEMENTS

In July 2013, the Financial Accounting Standards Board (“FASB”) issued ASU No. 2013-11, Income Taxes (Topic 740): Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists (a consensus of the FASB Emerging Issues Task Force), which applies to the presentation of unrecognized tax benefits as a liability on the balance sheet when a net operating loss carryforward, a similar tax loss, or a tax credit carryforward is not available at the reporting date under the tax law of the applicable jurisdiction to settle any additional income taxes that would result from the disallowance of a tax position or the tax law of the applicable jurisdiction does not require the entity to use, and the entity does not intend to use, the deferred tax asset for such purpose. This ASU was effective for reporting periods beginning after December 15, 2013. The Company applied this guidance in the current year and did not have a material impact on the Company's statement of operations, financial position or cash flows.

TELKONET, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2014
(UNAUDITED)

In June 2014, the FASB issued ASU No. 2014-12, Compensation-Stock Compensation (Topic 718). Under ASU No. 2014-12 an award with a performance target generally requires an employee to render service until the performance target is achieved. In some cases, however, the terms of an award may provide that the performance target could be achieved after an employee completes the requisite service period. That is, the employee would be eligible to vest in the award regardless of whether the employee is rendering service on the date the performance target is achieved. This ASU will be effective for reporting periods beginning after December 15, 2015. The Company does not believe this guidance will have a material impact on the Company's future statement of operations, financial position or cash flows.

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers (ASU 2014-09), which supersedes nearly all existing revenue recognition guidance under U.S. GAAP. The core principle of ASU 2014-09 is to recognize revenues when promised goods or services are transferred to customers in an amount that reflects the consideration to which an entity expects to be entitled for those goods or services. ASU 2014-09 defines a five step process to achieve this core principle and, in doing so, more judgment and estimates may be required within the revenue recognition process than are required under existing U.S. GAAP. The standard is effective for annual periods beginning after December 15, 2016, and interim periods therein, using either of the following transition methods: (i) a full retrospective approach reflecting the application of the standard in each prior reporting period with the option to elect certain practical expedients, or (ii) a retrospective approach with the cumulative effect of initially adopting ASU 2014-09 recognized at the date of adoption (which includes additional footnote disclosures). We are currently evaluating the impact of our pending adoption of ASU 2014-09 on our consolidated financial statements and have not yet determined the method by which we will adopt the standard in 2017.

NOTE C – INTANGIBLE ASSETS AND GOODWILL

Total identifiable intangible assets acquired and their carrying values at June 30, 2014 are:

TELKONET, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2014
(UNAUDITED)

Total amortization expense charged to operations for each of the three and six months ended June 30, 2014 and 2013 was \$60,420 and 120,840, respectively.

Estimated future amortization expense as of June 30, 2014 is as follows:

Remainder of 2014	\$	120,840
2015		241,680
2016		241,680
2017		241,680
2018		241,680
2019		50,217
Total	\$	<u>1,137,777</u>

The Company does not amortize goodwill. The Company recorded goodwill in the amount of \$14,670,446 as a result of the acquisitions of EthoStream and SSI during the year ended December 31, 2007. The Company evaluates goodwill for impairment based on the fair value of the reporting units to which this goodwill relates at least once a year. We utilize a discounted cash flow valuation methodology (income approach) to determine the fair value of the reporting unit. Since acquisition, the Company has written off \$3,000,000 and \$5,874,016 of goodwill for Ethostream and Smart Systems International, respectively.

NOTE D – ACCOUNTS RECEIVABLE

Components of accounts receivable as of June 30, 2014 and December 31, 2013 are as follows:

NOTE G – LONG-TERM DEBT

Business Loan

On September 11, 2009, the Company entered into a Loan Agreement in the aggregate principal amount of \$300,000 with the Wisconsin Department of Commerce (the “Department”). The outstanding principal balance bears interest at the annual rate of 2%. Payment of interest and principal is to be made in the following manner: (a) payment of any and all interest that accrues from the date of disbursement commenced on January 1, 2010 and continued on the first day of each consecutive month thereafter through and including December 31, 2010; (b) commencing on January 1, 2011 and continuing on the first day of each consecutive month thereafter through and including November 1, 2016, the Company is required to pay equal monthly installments of \$4,426; followed by a final installment on December 1, 2016 which shall include all remaining principal, accrued interest and other amounts owed by the Company to the Department under the Loan Agreement. The Company may prepay amounts outstanding under the Loan Agreement in whole or in part at any time without penalty. The Loan Agreement is secured by substantially all of the Company’s assets and the proceeds from this loan were used for the working capital requirements of the Company. The Loan Agreement contains covenants which required, among other things, that the Company keep and maintain 75 existing full-time positions and create and fill 35 additional full-time positions in Milwaukee, Wisconsin by December 31, 2012. On June 18, 2012, the Department agreed to permanently waive all penalties associated with the Company’s noncompliance with this covenant. The outstanding borrowings under the agreement as of June 30, 2014 and December 31, 2013 were \$129,347 and \$154,463, respectively.

Promissory Note

On March 4, 2011, the Company sold all its Series 5 PLC product line assets to Wisconsin-based Dynamic Ratings, Inc. (“Purchaser”) under an Asset Purchase Agreement (“APA”). Per the APA, the Company signed an unsecured Promissory Note (the “Note”) due to Purchaser in the aggregate principal amount of \$700,000. The outstanding principal balance bears interest at the annual rate of 6% and was originally due on March 31, 2014. The Note may be prepaid in whole or in part, without penalty at any time. The Note contains certain earn-out provisions that encompass both the Company’s and Purchaser’s revenue volumes. Amounts earned under the earn-out provisions were applied against the Note on June 30, 2012 and June 30, 2013. For the three and six months ended June 30, 2013, the non-cash reduction of principal calculated under these provisions and applied to the Note was \$41,902. Payments not made when due, by maturity acceleration or otherwise, shall bear interest at the rate of 12% per annum from the date due until fully paid. Effective April 30, 2013, Purchaser approved an amendment to certain terms of the Note. Telkonet commenced a monthly payment of principal and interest of \$20,000 to be applied against the outstanding balance starting May 1, 2013. The interest rate remains unchanged at 6% and the maturity date was extended to January 1, 2016. The outstanding principal balance of the Note as of June 30, 2014 and December 31, 2013 was \$399,885 and \$506,024, respectively.

Revolving Credit Facility

On May 31, 2013, the Company entered into a Revolving Credit Facility (the “Agreement”) with Bridge Bank, NA, (the “Bank”) in a principal amount not to exceed \$2,000,000. The Agreement was subject to a borrowing base that was equal to the sum of 80% of the Company’s eligible accounts receivable and 25% of the eligible inventory. On August 1, 2013 the Agreement was modified to include the eligible receivables and the eligible inventory of Ethostream. The Agreement was available for working capital and other lawful general corporate purposes. As of December 31, 2013 and March 31, 2014, the Company was in violation of a financial performance covenant. Although the Company’s violation of the financial performance covenant constituted a default under the Agreement, the Bank did not pursue any remedies under the default provisions of the Agreement. On May 31, 2014, the Company and the Bank mutually agreed to terminate the Agreement and the Company paid the remaining outstanding principal balance of \$50,000.

Aggregate annual future maturities of long-term debt as of June 30, 2014 are as follows:

<u>Years ended December 31,</u>	<u>Amount</u>
2014 (remainder of)	\$ 134,744
2015	280,295
2016	114,193
	<u>529,232</u>
Less: Current portion	(272,482)
Notes payable long term	<u>\$ 256,750</u>

TELKONET, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2014
(UNAUDITED)

NOTE H – REDEEMABLE PREFERRED STOCK

Series A

The Company has designated 215 shares of preferred stock as Series A Preferred Stock (“Series A”). Each share of Series A is convertible, at the option of the holder thereof, at any time, into shares of our Common Stock at a conversion price of \$0.363 per share. In the event of a change of control (as defined in the purchase agreement with respect to the Series A), or at the holder’s option, on November 19, 2014 and for a period of 180 days thereafter, provided that at least 50% of the shares of Series A issued on the Series A Original Issue Date, November 16, 2009, remain outstanding as of November 19, 2014, and the holders of at least a majority of the then outstanding shares of Series A provide written notice requesting redemption of all shares of Series A, we are required to redeem the Series A for the purchase price of \$5,000 per share, plus any accrued but unpaid dividends. The aggregate redemption price payable to holders of shares of Series A would be payable by the Company in three equal annual installments with the first of these three installments due within 60 days of the requisite holders’ written notice requesting redemption. The Series A accrues dividends at an annual rate of 8% of the original purchase price, payable only when, as, and if declared by the Board of Directors of Telkonet.

On November 16, 2009, the Company sold 215 shares of Series A with attached warrants to purchase an aggregate of 1,628,800 shares of the Company’s common stock at \$0.33 per share. The Series A shares were sold at a price per share of \$5,000 and each Series A share is convertible into approximately 13,774 shares of common stock at a conversion price of \$0.363 per share. The Company received \$1,075,000 from the sale of the Series A shares. Since the Series A may ultimately be redeemable at the option of the holder, the carrying value of the preferred stock, net of discount and including accumulated dividends, has been classified as redeemable preferred stock on the condensed consolidated balance sheets.

A portion of the proceeds were allocated to the warrants based on their relative fair value, which totaled \$287,106 using the Black Scholes option pricing model. Further, the Company attributed a beneficial conversion feature of \$70,922 to the Series A preferred shares based upon the difference between the effective conversion price of those shares and the closing price of the Company’s common stock on the date of issuance. The assumptions used in the Black-Scholes model were as follows: (1) dividend yield of 0%; (2) expected volatility of 123%, (3) weighted average risk-free interest rate of 2.2%, (4) expected life of 5 years, and (5) fair value of Telkonet common stock of \$0.24 per share. The expected term of the warrants represents the estimated period of time until exercise and is based on historical experience of similar awards and giving consideration to the contractual terms. The amounts attributable to the warrants and beneficial conversion feature, aggregating \$358,028, were recorded as a discount and deducted from the face value of the preferred stock. The discount is being amortized over the period from issuance to November 19, 2014 (the initial redemption date) as a charge to additional paid-in capital (since there is a deficit in retained earnings) and an increase to the net loss attributable to common stockholders.

The charge to additional paid in capital for amortization of Series A discount and costs for the three months ended June 30, 2014 and 2013 was \$17,508 and for the six months ended June 30, 2014 and 2013 was \$35,016, respectively.

For the three and six months ended June 30, 2014 and 2013, we have accrued dividends for Series A in the amount of \$18,454 and \$(1,817) and \$36,707 and \$16,436 and cumulative accrued dividends of \$341,539 and \$267,512, respectively. The accrued dividends have been charged to additional paid-in capital (since there is a deficit in retained earnings) and an increase to the net loss attributable to common stockholders and the net unpaid accrued dividends been added to the carrying value of the preferred stock.

Series B

The Company has designated 538 shares of preferred stock as Series B Preferred Stock (“Series B”). Each share of Series B is convertible, at the option of the holder thereof, at any time, into shares of our Common Stock at a conversion price of \$0.13 per share. As a result of the Series B conversions during the year ended December 31, 2013, the outstanding Series B shares will not become redeemable at the option of the holders. The Series B accrues dividends at an annual rate of 8% of the original purchase price, payable only when, as, and if declared by our Board of Directors.

On August 4, 2010, the Company sold 267 shares of Series B with attached warrants to purchase an aggregate of 5,134,626 shares of the Company’s common stock at \$0.13 per share. The Series B shares were sold at a price per share of \$5,000 and each Series B share is convertible into approximately 38,461 shares of common stock at a conversion price of \$0.13 per share. The Company received \$1,335,000 from the sale of the Series B shares. Up and until the quarter ended September 30, 2013, the Series B were redeemable at the option of the holder, the carrying value of the preferred stock, net of discount and including accumulated dividends, had been classified as redeemable preferred stock on the consolidated balance sheets. During the year ended December 31, 2013, shareholders converted 167 redeemable preferred shares issued on August 4, 2010, to, in aggregate, 6,423,072 shares of common stock.

TELKONET, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2014
(UNAUDITED)

A portion of the proceeds was allocated to the warrants based on their relative fair value, which totaled \$394,350 using the Black-Scholes option pricing model. Further, the Company attributed a beneficial conversion feature of \$394,350 to the Series B preferred shares based upon the difference between the effective conversion price of those shares and the closing price of the Company's common stock on the date of issuance. The assumptions used in the Black-Scholes model were as follows: (1) dividend yield of 0%; (2) expected volatility of 123%, (3) weighted average risk-free interest rate of 1.76%, (4) expected term of approximately 4 years, and (5) estimated fair value of Telkonet common stock of \$0.109 per share. The expected term of the warrants represents the estimated period of time until exercise and is based on historical experience of similar awards and giving consideration to the contractual terms. The amounts attributable to the warrants and beneficial conversion feature, aggregating \$788,700, were recorded as a discount and deducted from the face value of the preferred stock. The discount is being amortized over the period from issuance to November 19, 2014 (the initial redemption date) as a charge to additional paid-in capital (since there is a deficit in retained earnings). During the year ended December 31, 2013, a portion of the discount of approximately \$123,100 was accelerated and recognized immediately as a charge to additional paid-in capital and accretion of preferred stock discounts and an increase to the net loss attributable to common stockholders for the 167 redeemable preferred shares converted to common stock.

On April 8, 2011, the Company sold 271 additional shares of Series B with attached warrants to purchase an aggregate of 5,211,542 shares of the Company's common stock at \$0.13 per share. The Series B shares were sold at a price per share of \$5,000 and each Series B share is convertible into approximately 38,461 shares of common stock at a conversion price of \$0.13 per share. The Company received \$1,355,000 from the sale of the Series B shares. During the year ended December 31, 2013, all 271 of the redeemable preferred shares issued on April 8, 2011, were converted to, in aggregate, 10,423,067 shares of common stock.

As a result of the Series B conversions during the year ended December 31, 2013, fewer than 50% of the Series B shares issued on the Series B Original Issuance Date, August 4, 2010, remain outstanding, and the balance of the outstanding Series B shares will not become redeemable at the option of the holders. The redemption feature at the option of the holders is eliminated, thereby, resulting in the reclassification of \$324,063 from temporary equity, which was classified as "redeemable preferred stock" in the Company's condensed consolidated balance sheets, to permanent equity.

A portion of the proceeds were allocated to the warrants based on their relative fair value, which totaled \$427,895 using the Black-Scholes option pricing model. Further, the Company attributed a beneficial conversion feature of \$427,895 to the Series B shares based upon the difference between the effective conversion price of those shares and the closing price of the Company's common stock on the date of issuance. The assumptions used in the Black-Scholes model are as follows: (1) dividend yield of 0%; (2) expected volatility of 129%, (3) weighted average risk-free interest rate of 0.26%, (4) expected life of approximately 3.5 years, and (5) estimated fair value of Telkonet common stock of \$0.12 per share. The expected term of the warrants represents the estimated period of time until exercise and is based on historical experience of similar awards and giving consideration to the contractual terms. The amounts attributable to the warrants and beneficial conversion feature, aggregating \$855,790, have been recorded as a discount and deducted from the face value of the Series B shares. The discount is being amortized over the period from issuance to November 19, 2014 (the initial redemption date) as a charge to additional paid-in capital (since there is a deficit in retained earnings). During the year ended December 31, 2013, the remaining discount of approximately \$261,300 was accelerated and recognized immediately as a charge to additional paid-in capital and accretion of preferred stock discounts upon the 271 redeemable preferred stock conversions to common stock.

The charge to additional paid in capital for amortization of Series B discount and costs for the three and six months ended June 30, 2014 and 2013 was \$7,020 and \$92,760 and \$14,040 and \$181,248, respectively.

For the three and six months ended June 30, 2014 and 2013, we have accrued dividends for Series B in the amount of \$5,490 and \$19,538 and \$10,920 and \$68,186, respectively, and cumulative accrued dividends of \$85,925 and \$488,019 as of June 30 2014 and 2013, respectively. The accrued dividends have been charged to additional paid-in capital (since there is a deficit in retained earnings) and the net unpaid accrued dividends been added to the carrying value of the preferred stock. During the year ended December 31, 2013, accrued dividends in the amount of \$491,878 were written down and credited back to additional paid-in capital upon the redeemable preferred share conversions to common stock.

Preferred stock carries certain preference rights as detailed in the Company's Amended Articles of Incorporation related to both the payment of dividends and as to payments upon liquidation in preference to any other class or series of capital stock of the Company. Liquidation preference of the preferred stock is based on the following order: first, Series B with a preference value of \$360,925 and second, Series A with a preference value of \$1,266,539. Both series of preferred stock are equal in their dividend preference over common stock.

TELKONET, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2014
(UNAUDITED)

NOTE I – CAPITAL STOCK

The Company has authorized 15,000,000 shares of preferred stock (designated and undesignated), with a par value of \$.001 per share. The Company has designated 215 shares as Series A preferred stock and 538 shares as Series B preferred stock. At both June 30, 2014 and December 31, 2013, there were 185 shares of Series A and 55 shares of Series B outstanding.

The Company has authorized 190,000,000 shares of common stock with a par value of \$.001 per share. As of both June 30, 2014 and December 31, 2013 the Company had 125,035,612 common shares issued and outstanding.

NOTE J – STOCK OPTIONS AND WARRANTS

Employee Stock Options

The Company maintains an equity incentive plan, (the “Plan”). The Plan was established in 2010 as an incentive plan for officers, employees, non-employee directors, prospective employees and other key persons. It is anticipated that providing such persons with a direct stake in the Company’s welfare will assure a better alignment of their interests with those of the Company and its stockholders.

The following table summarizes the changes in options outstanding and the related prices for the shares of the Company’s common stock issued to employees of the Company under the Plan.

Exercise Prices	Options Outstanding			Options Exercisable		
	Number Outstanding	Weighted Average Remaining Contractual Life (Years)	Weighted Average Exercise Price	Number Exercisable	Weighted Average Exercise Price	
\$ 0.01 - \$0.15	175,000	3.32	\$ 0.14	175,000	\$ 0.14	
\$ 0.16 - \$0.99	1,620,225	8.42	0.18	1,235,225	0.18	
\$ 1.00 - \$5.99	140,000	1.95	3.29	140,000	3.29	
	<u>1,935,225</u>	<u>7.49</u>	<u>\$ 0.41</u>	<u>1,550,225</u>	<u>\$ 0.46</u>	

Transactions involving stock options issued to employees are summarized as follows:

	Number of Shares	Weighted Average Price Per Share
Outstanding at January 1, 2013	1,280,642	\$ 0.62
Granted	504,583	0.18
Exercised	–	–
Cancelled or expired	(50,000)	2.69
Outstanding at December 31, 2013	<u>1,735,225</u>	<u>\$ 0.43</u>
Granted	200,000	0.19
Exercised	–	–
Cancelled or expired	–	–
Outstanding at June 30, 2014	<u>1,935,225</u>	<u>\$ 0.41</u>

The expected life of awards granted represents the period of time that they are expected to be outstanding. We determine the expected life based on historical experience with similar awards, giving consideration to the contractual terms, vesting schedules, exercise patterns and pre-vesting and post-vesting forfeitures. We estimate the volatility of our common stock based on the calculated historical volatility of our own common stock using the trailing 24 months of share price data prior to the date of the award. We base the risk-free interest rate used in the Black-Scholes option valuation model on the implied yield currently available on U.S. Treasury zero-coupon issues with an equivalent remaining term equal to the expected life of the award. We have not paid any cash dividends on our common stock and do not anticipate paying any cash dividends in the foreseeable future. Consequently, we use an expected dividend yield of zero in the Black-Scholes option valuation model. We use historical data to estimate pre-vesting option forfeitures and record share-based compensation for those awards that are expected to vest. In accordance with ASC 718-10, we adjust share-based compensation for changes to the estimate of expected equity award forfeitures based on actual forfeiture experience.

TELKONET, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2014
(UNAUDITED)

There were 200,000 and 504,583 options granted and no options exercised during the six months ended June 30, 2014 and 2013, respectively. Total stock-based compensation expense in connection with options granted to employees recognized in the condensed consolidated statements of operations for the three and months ended June 30, 2014 and 2013 was \$4,617 and \$83,496 and \$6,641 and \$85,519 respectively.

Warrants

The following table summarizes the changes in warrants outstanding and the related prices for the shares of the Company's common stock issued to non-employees of the Company.

Exercise Prices	Warrants Outstanding			Warrants Exercisable		
	Number Outstanding	Weighted Average Remaining Contractual Life (Years)	Weighted Average Exercise Price	Number Exercisable	Weighted Average Exercise Price	
\$ 0.13	7,230,778	1.62	\$ 0.13	7,230,778	\$ 0.13

There were no warrants granted, exercised, cancelled or forfeited during the three and six month periods ended June 30, 2014 and 2013.

NOTE K – RELATED PARTY TRANSACTIONS

In connection with a customer contract that required bonding, William H. Davis, the Company's Board Chairman and Jason L. Tienor, the Company's Chief Executive Officer and President, each signed a General Indemnity Agreement dated July 5, 2013 and July 8, 2013, pledged certain personal property on behalf of the Company. The General Indemnity Agreement indemnifies the surety company for certain losses incurred by the surety company for the benefit of the Company. As consideration for the assumption of the Indemnification Obligations by Messrs. Davis and Tienor, the Company agreed to compensate each in the amount of \$29,000, grossed up to accommodate their 2013 and 2014 federal income tax liability associated with the payments. The amounts owed to Messrs. Davis and Tienor as of June 30, 2014 were \$4,490 and \$6,600 and are in accounts payable and accrued expense on the accompanying condensed consolidated balance sheet.

On July 17, 2014, Messer's Davis and Tienor each signed a General Indemnity Agreement pledging personal property on behalf of the Company for another customer contract that required bonding. The Company agreed to compensate each in the amount of \$9,000, grossed up to accommodate their 2014 federal income tax liability associated with the payments.

From time to time the Company may receive advances from certain of its officers in the form of salary deferment, cash advances to meet short term working capital needs. These advances may not have formal repayment terms or arrangements. As of June 30, 2014 and 2013, there were no such arrangements.

TELKONET, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2014
(UNAUDITED)

NOTE L – COMMITMENTS AND CONTINGENCIES

Office Lease Obligations

In October 2013, the Company entered into a lease agreement for 6,362 square feet of commercial office space in Waukesha, Wisconsin for its corporate headquarters. The Waukesha lease expires in April 2021.

The Company presently leases approximately 14,000 square feet of office space in Milwaukee, Wisconsin for its operations facility. The Milwaukee lease expires in March 2020.

The Company presently leases 16,416 square feet of commercial office space in Germantown, Maryland. The lease commitments expire in December 2015. On July 15, 2011, Telkonet executed a sublease agreement for 11,626 square feet of the office space in Germantown, Maryland. The subtenant received one month rent abatement and had the option to extend the sublease from January 31, 2013 to December 31, 2015. On June 27, 2012 the subtenant exercised the option to extend the expiration of the term of the sublease from January 31, 2013 to December 31, 2015.

Commitments for minimum rentals under non-cancelable leases at June 30, 2014 are as follows:

2014 (remainder of)	\$	244,206
2015		494,806
2016		245,274
2017		251,740
2018		258,381
2019 and thereafter		422,182
Total	\$	<u>1,916,589</u>

Expected rent payments to be received under the sublease agreement at June 30, 2014 are as follows:

2014 (remainder of)	\$	68,269
2015		138,919
Total	\$	<u>207,188</u>

Rental expenses charged to operations for the three and six months ended June 30, 2014 and 2013 were \$154,576 and \$129,320, and \$310,151 and \$267,295, respectively. Rental income received for the three and six months ended June 30, 2014 and 2013 was \$33,925 and \$32,332, and \$67,227 and \$64,664, respectively.

Litigation

The Company is subject to legal proceedings and claims which arise in the ordinary course of its business. Although occasional adverse decisions or settlements may occur, the Company believes that the final disposition of such matters should not have a material adverse effect on its financial position, results of operations or liquidity.

Linksmart Wireless Technology, LLC v. T-Mobile USA, Inc.

On July 1, 2008, Linksmart Wireless Technology, LLC, or Linksmart, filed a civil lawsuit in the Eastern District of Texas against EthoStream, LLC, our wholly-owned subsidiary and 22 other defendants (*Linksmart Wireless Technology, LLC v. T-Mobile USA, Inc., et al.*, U.S. District Court, for the Eastern District of Texas, Marshall Division, No. 2:08-cv-00264). This lawsuit alleged that the defendants' services infringe a wireless network security patent held by Linksmart.

TELKONET, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2014
(UNAUDITED)

Defendant Ramada Worldwide, Inc. provided us with notice of the suit and demanded that we defend and indemnify it pursuant to a vendor direct supplier agreement between EthoStream and WWC Supplier Services, Inc., a Ramada affiliate. After a review of that agreement, it was determined that EthoStream owes the duty to defend and indemnify with respect to services provided by Telkonet to Ramada and it has assumed Ramada's defense.

On October 1, 2013, the Company entered into a settlement agreement with Linksmart. The Company has agreed to pay \$115,000, payable in twelve installments of \$9,583 due on the first of each month beginning October 1, 2013. The balance remaining at June 30, 2014 and December 31, 2013 was \$28,550 and \$86,250 recorded in accounts payable on the accompanying condensed consolidated balance sheet.

Eric Sprangers v. Telkonet, Inc. and Ethostream, LLC

On or about April 23, 2014, Eric Sprangers filed a complaint against Telkonet, Inc. and Ethostream, LLC (the "Companies") in the United States District Court for the Eastern District of Wisconsin. The Complaint, filed by Sprangers on behalf of himself and a putative class of allegedly similarly situated employees of the Companies, claims that the Companies failed to pay him and the putative class members overtime compensation in violation of the federal Fair Labor Standards Act ("FLSA"). Among other things, the complaint seeks payment to the putative class members of back overtime, liquidated damages and penalties as provided in the FLSA, and an award of costs and attorneys' fees. On or about May 22, 2014, the Companies filed an answer to the complaint in which the Companies deny that they failed to pay overtime compensation in violation of the FLSA. On July 25, 2014, Sprangers accepted a July 11, 2014 Rule 68 offer of judgment that was made by the Companies in the amount of \$10,000, plus an additional amount for attorneys' fees, costs and expenses to be determined by the Court. Issuance by the Court of an order of judgment consistent with the accepted offer is pending.

Sales Tax

During 2012, the Company engaged a sales tax consultant to assist in determining the extent of its potential sales tax exposure. Based upon this analysis, management determined the Company had probable exposure for certain unpaid obligations, including interest and penalty, of approximately \$1,100,000 including and prior to the year ended December 31, 2011. The Company has approximately \$750,000 and \$1,100,000 accrued for this exposure as of June 30, 2014 and December 31, 2013, respectively.

The Company continues to manage the liability by establishing voluntary disclosure agreements (VDAs) with the applicable states, which establishes a maximum look-back period and payment arrangements. However, if the aforementioned methods prove unsuccessful and the Company is examined or challenged by taxing authorities, there exists possible exposure of an additional \$320,000, not including any applicable interest and penalties.

Prior to 2014, the Company successfully executed and paid in full VDAs in nineteen states totaling approximately \$286,000 and is current with the subsequent filing requirements.

During the six months ended June 30, 2014, the Company successfully executed and paid in full VDAs in eight states totaling approximately \$103,000 and is current with the subsequent filing requirements. In addition, the Company executed VDAs with three other states and has established payment plans with these states.

The following table sets forth the change in the sales tax accrual as of June 30, 2014 and December 31, 2013:

	<u>June 30, 2014</u>	<u>December 31, 2013</u>
Balance, beginning of year	\$ 1,080,482	\$ 1,188,133
Collections	196,302	409,782
Provisions	(235,962)	(138,352)
Interest and penalties	-	7,342
Payments	(293,240)	(386,423)
Balance, end of period	<u>\$ 747,582</u>	<u>\$ 1,080,482</u>

NOTE M – BUSINESS CONCENTRATION

For the six months ended June 30, 2014 and 2013, no single customer represented 10% or more of total net revenues.

Purchases from two major suppliers approximated \$1,767,000, or 75% of purchases, and \$1,235,000, or 62% of purchases, for the six months ended June 30, 2014 and 2013, respectively. Total due to these suppliers, net of deposits, was approximately \$701,000 as of June 30, 2014, and \$455,000 as of June 30, 2013.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of the Company's financial condition and results of operations should be read in conjunction with the accompanying condensed consolidated financial statements and related notes thereto for the three and six months ended June 30, 2014, as well as the Company's consolidated financial statements and related notes thereto and management's discussion and analysis of financial condition and results of operations in the Company's Form 10-K for the year ended December 31, 2013, filed March 31, 2014.

Business

Telkonet, Inc., formed in 1999 and incorporated under the laws of the state of Utah, is made up of two synergistic business divisions, EcoSmart Energy Management Technology and EthoStream High Speed Internet Access (HSIA) Network.

Our EcoSmart Suite of products (which include Telkonet's legacy "SmartEnergy" products) provides comprehensive savings, management and reporting of a building's room-by-room energy consumption. Telkonet's energy management products are currently installed in over 200,000 rooms in properties within the hospitality, military, educational and healthcare markets. The EcoSmart technology platform is rapidly being recognized as a leading solution-provider for reducing energy consumption, carbon footprints and eliminating the need for new energy generation in these marketplaces – all while improving occupant comfort and convenience.

Controlling energy consumption can make a significant impact on a property owner's bottom line, as heating, ventilation and air conditioning ("HVAC") costs represent a substantial portion of a facility's overall utility bill. Hospitality is a key market for Telkonet. According to the EPA EnergySTAR for Hospitality analysis, the median hotel uses approximately 70,000 Btu/ft² from all energy sources. Since fewer than 20% of the hotels in North America have an energy management system, there is considerable opportunity to assist those lodging facilities that are more energy intensive than necessary. With approximately 47,000 hotels in the USA alone, the market size is substantial.

Telkonet's EthoStream is one of the largest public High-Speed Internet Access ("HSIA") providers in the world, providing services to more than 8.0 million users monthly across a network of greater than 2,200 locations. With a wide range of product and service offerings and one of the most comprehensive management platforms available for HSIA networks, EthoStream offers solutions for any public access location.

Our direct sales efforts target the hospitality, education, commercial, utility and government/military markets. Taking advantage of legislation, including the Energy Independence and Security Act of 2007, or EISA, the Energy Policy Act of 2005, and the American Recovery and Reinvestment Act we've focused our sales efforts in areas with available public funding and incentives, such as rebate programs offered by utilities for efficiency upgrades. Through our proprietary platform, technology and partnerships with energy efficiency providers, we intend to position our Company as a leading provider of energy management solutions.

Telkonet's Series 5 Smart Grid networking technology allows commercial, industrial and consumer users to connect intelligent devices to a communications network using the existing low voltage electrical grid. Series 5 technology uses power line communications, or PLC, technology to transform existing electrical infrastructure into a communications backbone. Operating at 200 Mbps, the PLC platform offers a secure alternative in grid communications, transforming a traditional electrical distribution system into a "smart grid" that delivers electricity in a manner that can save energy, reduce cost and increase reliability.

On March 4, 2011, the Company sold its Series 5 PLC product line and related business assets to Dynamic Ratings, Inc. ("Dynamic Ratings"). The sales price was \$1,000,000 in cash. In connection with the sale, Dynamic Ratings lent \$700,000 to the Company in the form of a 6% promissory note dated March 4, 2011. Concurrently with the sale, the Company entered into a Distributorship Agreement and a Consulting Agreement with Dynamic Ratings. Under the Distributorship Agreement, the Company was designated as a distributor of the Series 5 product to non-utility markets and will receive preferred pricing for purchases of Series 5 product. Under the Consulting Agreement, the Company agreed to provide Dynamic Ratings with ongoing transition assistance and consulting services for the Series 5 product. The Consulting Agreement expired on March 31, 2013. The Distributorship Agreement had an initial term that was to expire on March 31, 2014, but was automatically renewed for one year.

Forward-Looking Statements

In accordance with the Private Securities Litigation Reform Act of 1995, we can obtain a "safe-harbor" for forward-looking statements by identifying those statements and by accompanying those statements with cautionary statements which identify factors that could cause actual results to differ materially from those in the forward-looking statements. Accordingly, the following "Management's Discussion and Analysis of Financial Condition and Results of Operations" may contain certain forward-looking statements regarding strategic growth initiatives, growth opportunities and management's expectations regarding orders and financial results for the remainder of 2014 and future periods. These forward-looking statements are based on current expectations and current assumptions which management believes are reasonable. However, these statements involve risks and uncertainties that could cause actual results to differ materially from any future results encompassed within the forward-looking statements. Factors that could cause or contribute to such differences include those risks affecting the Company's business as described in the Company's filings with the SEC, including the current reports on Form 8-K, which factors are incorporated herein by reference. The Company expressly disclaims a duty to provide updates to forward-looking statements, whether as a result of new information, future events or other occurrences.

Critical Accounting Policies and Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires us to make estimates and assumptions that affect the amounts reported in the condensed consolidated financial statements and accompanying notes. On an ongoing basis, we evaluate significant estimates used in preparing our condensed consolidated financial statements including those related to revenue recognition, uncollectible accounts receivable, guarantees and product warranties, stock-based compensation, potential impairment of goodwill and other long-lived assets, contingent liabilities and business combinations. We base our estimates on historical experience, underlying run rates and various other assumptions that we believe to be reasonable, the results of which form the basis for making judgments about the carrying values of assets and liabilities. Actual results could differ from these estimates. The following are critical judgments, assumptions, and estimates used in the preparation of the condensed consolidated financial statements.

Revenue Recognition

For revenue from product sales, we recognize revenue in accordance with ASC 605-10, and ASC Topic 13 guidelines that require that four basic criteria must be met before revenue can be recognized: (1) persuasive evidence of an arrangement exists; (2) delivery has occurred; (3) the selling price is fixed and determinable; and (4) collectability is reasonably assured. Determination of criteria (3) and (4) are based on management's judgments regarding the fixed nature of the selling prices of the products delivered and the collectability of those amounts. Provisions for discounts and rebates to customers, estimated returns and allowances, and other adjustments are provided for in the same period the related sales are recorded. The guidelines also address the accounting for arrangements that may involve the delivery or performance of multiple products, services and/or rights to use assets.

Multiple-Element Arrangements ("MEAs"): The Company accounts for contracts that have both product and installation under the MEAs guidance in ASC 605. The Company believes the volume of these contracts will continue to increase. Arrangements under such contracts may include multiple deliverables, a combination of equipment and services. The deliverables included in the MEAs are separated into more than one unit of accounting when (i) the delivered equipment has value to the customer on a stand-alone basis, and (ii) delivery of the undelivered service element(s) is probable and substantially in our control. Arrangement consideration is then allocated to each unit, delivered or undelivered, based on the relative selling price of each unit of accounting based first on vendor-specific objective evidence ("VSOE") if it exists, second on third-party evidence ("TPE") if it exists and on estimated selling price ("ESP") if neither VSOE or TPE exist.

- VSOE – In most instances, products are sold separately in stand-alone arrangements. Services are also sold separately through renewals of contracts with varying periods. We determine VSOE based on its pricing and discounting practices for the specific product or service when sold separately, considering geographical, customer, and other economic or marketing variables, as well as renewal rates or stand-alone prices for the service element(s).
- TPE – If we cannot establish VSOE of selling price for a specific product or service included in a multiple-element arrangement, we use third-party evidence of selling price. We determine TPE based on sales of comparable amount of similar product or service offered by multiple third parties considering the degree of customization and similarity of product or service sold.
- ESP – The estimated selling price represents the price at which we would sell a product or service if it were sold on a stand-alone basis. When neither VSOE nor TPE exists for all elements, we determine ESP for the arrangement element based on sales, cost and margin analysis, as well as other inputs based on our pricing practices. Adjustments for other market and Company-specific factors are made as deemed necessary in determining ESP.

When MEAs include an element of customer training, it is not essential to the functionality, efficiency or effectiveness of the MEA. Therefore the Company has concluded that this obligation is inconsequential and perfunctory. As such, for MEAs that include training, customer acceptance of said training is not deemed necessary in order to record the related revenue, but is recorded when the installation deliverable is fulfilled. Historically, training revenues have not been significant.

We provide call center support services to properties installed by us and also to properties installed by other providers. In addition, we provide the property with the portal to access the Internet. We receive monthly service fees from such properties for our services and Internet access. We recognize the service fee ratably over the term of the contract. The prices for these services are fixed and determinable prior to delivery of the service. The fair value of these services is known due to objective and reliable evidence from contracts and standalone sales. We report such revenues as recurring revenues.

Total revenues do not include sales tax as we consider ourselves a pass through conduit for collection and remitting sales tax.

New Accounting Pronouncements

For information regarding recent accounting pronouncements and their effect on the Company, see “New Accounting Pronouncements” in Note B of the Notes to Unaudited Condensed Consolidated Financial Statements contained herein.

EBITDA

The Company defines EBITDA as net income (loss), excluding income tax expense (benefit), interest expense, interest income, and depreciation and amortization expense. Management believes that certain non-GAAP financial measures may be useful in certain instances to provide additional meaningful comparisons between current results and results in prior operating periods. Adjusted earnings before interest, taxes, depreciation and amortization and other non-operating income and expenses (“Adjusted EBITDA”) is a metric used by management and frequently used by the financial community. Management believes that adjusted EBITDA provides insight into the Company’s operating trends and facilitates comparisons between peer companies, since interest, taxes, depreciation and amortization can differ greatly between organizations as a result of differing capital structures and tax strategies. Adjusted EBITDA excludes certain items that are unusual in nature or not comparable from period to period. While management believes that non-GAAP measurements are useful supplemental information, such adjusted results are not intended to replace our GAAP financial results.

RECONCILIATION OF NET INCOME (LOSS) TO ADJUSTED EBITDA (Unaudited)

	Three Months Ended June 30,		Six Months Ended June 30,	
	2014	2013	2014	2013
Net income (loss)	\$ 219,085	\$ (621,510)	\$ (559,123)	\$ (1,033,356)
Interest expense, net	7,610	(18,061)	18,724	(1,423)
Provision for income taxes	51,312	–	102,624	280
Depreciation and amortization expense	69,525	64,729	136,186	128,847
EBITDA	347,532	(574,842)	(301,589)	(905,652)
Adjustments:				
Gain on sale of product line	–	(41,902)	–	(41,902)
Stock-based compensation expense	4,617	83,496	6,641	85,519
Adjusted EBITDA	\$ 352,149	\$ (533,248)	\$ (294,948)	\$ (862,035)

Revenues

The table below outlines product versus recurring revenues for comparable periods:

	June 30, 2014		Three Months Ended June 30, 2013		Variance	
Product	\$ 3,419,956	79%	\$ 2,659,751	74%	\$ 760,205	29%
Recurring	933,392	21%	935,745	26%	(2,353)	0%
Total	\$ 4,353,348	100%	\$ 3,595,496	100%	\$ 757,852	21%

	June 30, 2014		Six Months Ended June 30, 2013		Variance	
Product	\$ 5,129,600	73%	\$ 4,825,251	72%	\$ 304,349	6%
Recurring	1,856,365	27%	1,897,879	28%	(41,514)	-2%
Total	\$ 6,985,965	100%	\$ 6,723,130	100%	\$ 262,835	4%

Product Revenue

Product revenue principally arises from the sale and installation of EcoSmart Suite of products, SmartGrid and High Speed Internet Access equipment. These include TSE, Telkonet Series 5, Telkonet iWire, and wireless networking products. We market and sell to the hospitality, education, healthcare and government/military markets. The Telkonet Series 5 and the Telkonet iWire products consist of the Telkonet Gateways, Telkonet Extenders, the patented Telkonet Coupler, and Telkonet iBridges. The EcoSmart Suite of products consists of thermostats, sensors, controllers, wireless networking products switches, outlets and a control platform. The HSIA product suite consists of gateway servers, switches and access points.

For the three and six months ended June 30, 2014, product revenue increased by 29% and 6% respectively, when compared to the prior year periods. Product revenue in 2014 includes approximately \$2.7 million attributed to the sale and installation of energy management products, and approximately \$2.4 million for the sale and installation of HSIA products. The variance in product revenue can be partially attributed to a \$0.1 million decrease in HSIA installations. Two long term EcoSmart projects, requiring the company to defer revenue of \$0.4 million in the three months ended March 31, 2014 were completed and the revenue recognized during the three months ended June 30, 2014. The Company also recognized approximately \$0.4 million in product revenue attributed to several multiple deliverable arrangements that were not completed at the end of the three months ended June 30, 2014.

Recurring Revenue

Recurring revenue is primarily attributed to recurring services. The Company recognizes revenue ratably over the service month for monthly support revenues and defers revenue for annual support services over the term of the service period. The recurring revenue consists primarily of HSIA support services and advertising revenue. Advertising revenue is based on impression-based statistics for a given period from customer site visits to the Company's login portal page under the terms of advertising agreements entered into with third-parties. A component of our recurring revenue is derived from fees, less payback costs, associated with less than 1% of our hospitality customers who do not internally manage guest-related, internet transactions.

Recurring revenue includes approximately 2,200 hotels in our broadband network portfolio. We currently support approximately 238,000 HSIA rooms with approximately 8.0 million monthly users. For the three and six months ended June 30, 2014, recurring revenue remained unchanged and decreased by 2% when compared to the prior year periods. The variance for the six months ended June 30, 2014 was attributed to a decrease in advertising and fee revenue.

Cost of Sales

	June 30, 2014		Three Months Ended June 30, 2013		Variance	
Product	\$ 1,978,291	58%	\$ 1,848,081	69%	\$ 130,210	7%
Recurring	263,083	28%	270,517	29%	(7,434)	-3%
Total	<u>\$ 2,241,374</u>	51%	<u>\$ 2,118,598</u>	59%	<u>\$ 122,776</u>	0%

	June 30, 2014		Six Months Ended June 30, 2013		Variance	
Product	\$ 3,326,318	65%	\$ 3,277,627	68%	\$ 48,691	1%
Recurring	517,385	28%	536,680	28%	(19,295)	-4%
Total	<u>\$ 3,843,703</u>	55%	<u>\$ 3,814,307</u>	57%	<u>\$ 29,396</u>	1%

Costs of Product Sales

Costs of product sales include equipment and installation labor related to the sale of Ethostream broadband networking equipment, and EcoSmart energy management technology. For the three and six months ended June 30, 2014, product costs as a percentage of sales were 58% and 65% compared to 69% and 68% for the prior year periods. The variance was attributed to a \$0.1 million rebate associated with Ethostream broadband networking equipment. The Company also recognized revenue in the current period that was deferred in prior periods. Costs associated with these revenues were expensed when incurred in those prior periods.

Costs of Recurring Revenue

Recurring costs are comprised of labor and telecommunication services for our Customer Service department. For the three and six months ended June 30, 2014, recurring costs decreased by 3% and 4% when compared to the prior year period. The variance is attributed to the decrease in support payroll and benefit costs associated with recurring sales.

Gross Profit

	Three Months Ended					
	June 30, 2014		June 30, 2013		Variance	
Product	\$ 1,441,665	42%	\$ 811,670	31%	\$ 629,995	79%
Recurring	670,309	72%	665,228	71%	5,081	1%
Total	<u>\$ 2,111,974</u>	49%	<u>\$ 1,476,898</u>	41%	<u>\$ 635,076</u>	43%

	Six Months Ended					
	June 30, 2014		June 30, 2013		Variance	
Product	\$ 1,803,282	35%	\$ 1,547,624	32%	\$ 255,760	17%
Recurring	1,338,980	72%	1,361,199	72%	(22,219)	-2%
Total	<u>\$ 3,142,262</u>	45%	<u>\$ 2,908,823</u>	43%	<u>\$ 233,439</u>	8%

Gross Profit on Product Revenue

The gross profit on product revenue for the three and six months ended June 30, 2014 increased by 79% and 17% when compared to the prior year period. The variance was a result of a 28% increase in sales, the broadband equipment rebate and deferred revenue recognized in the current period. Costs associated with these deferred revenues were recognized when incurred in prior periods.

Gross Profit on Recurring Revenue

Our gross profit associated with recurring revenue increased by 1% and decreased by 2% for the three and six months ended June 30, 2014 when compared to the prior year periods. The increase for the three month comparison was due to a decrease in support staff salaries and benefits. The decrease for the six month comparison was mainly due to a decrease in advertising revenue which yields higher gross profit margins.

Operating Expenses

	Three Months Ended March 31,			
	2014	2013	Variance	
Total	<u>\$ 1,833,967</u>	<u>\$ 2,158,371</u>	<u>\$ (324,404)</u>	-15%

	Six Months Ended June 30,			
	2014	2013	Variance	
Total	<u>\$ 3,580,037</u>	<u>\$ 3,985,224</u>	<u>\$ (405,187)</u>	-10%

During the three and six months ended June 30, 2014, operating expenses decreased by 15% and 10% when compared to the prior year periods, as outlined below.

Research and Development

	Three Months Ended June 30,			
	2014	2013	Variance	
Total	<u>\$ 318,815</u>	<u>\$ 287,291</u>	<u>\$ 31,524</u>	11%

	Six Months Ended June 30,			
	2014	2013	Variance	
Total	<u>\$ 615,505</u>	<u>\$ 589,433</u>	<u>\$ 26,072</u>	4%

Our research and development costs related to both present and future products are expensed in the period incurred. Current research and development costs are associated with product development and integration. During the three and six months ended June 30, 2014, research and development costs increased 11% and 4% when compared to the prior year periods. The increases were due to costs of \$0.01 million associated with the development of our EcoConnect Plus next generation product as well as salaries and wages of \$0.02 million.

Selling, General and Administrative Expenses

	Three Months Ended March 31,			
	2014	2013	Variance	
Total	\$ 1,445,627	\$ 1,806,351	\$ (360,724)	-20%

	Six Months Ended June 30,			
	2014	2013	Variance	
Total	\$ 2,828,346	\$ 3,266,944	\$ (438,598)	-13%

During the three and six months ended June 30, 2014, selling, general and administrative expenses decreased over the comparable prior year periods by 20% and 13%. The decreases are primarily attributed to a \$0.2 million decrease in bonus and stock option expenses, a \$0.1 million write down of sales and use expense as well as decreased expenditures for legal, accounting, trade shows and bad debt expense.

Liquidity and Capital Resources

We have financed our operations since inception primarily through private and public offerings of our equity securities, the issuance of various debt instruments and asset based lending, and cash generated from operations.

Working Capital

Our working capital decreased by \$554,894 during the six months ended June 30, 2014 from working capital deficit (current liabilities in excess of current assets) of \$570,401 at December 31, 2013 to a working capital deficit of \$1,125,295 at June 30, 2014.

Business Loan

On September 11, 2009, the Company entered into a Loan Agreement in the aggregate principal amount of \$300,000 with the Wisconsin Department of Commerce (the "Department"). The outstanding principal balance bears interest at the annual rate of 2%. Payment of interest and principal is to be made in the following manner: (a) payment of any and all interest that accrues from the date of disbursement commenced on January 1, 2010 and continued on the first day of each consecutive month thereafter through and including December 31, 2010; (b) commencing on January 1, 2011 and continuing on the first day of each consecutive month thereafter through and including November 1, 2016, the Company is required to pay equal monthly installments of \$4,426; followed by a final installment on December 1, 2016 which shall include all remaining principal, accrued interest and other amounts owed by the Company to the Department under the Loan Agreement. The Company may prepay amounts outstanding under the Loan Agreement in whole or in part at any time without penalty. The Loan Agreement is secured by substantially all of the Company's assets and the proceeds from this loan were used for the working capital requirements of the Company. The Loan Agreement contains covenants which required, among other things, that the Company keep and maintain 75 existing full-time positions and create and fill 35 additional full-time positions in Milwaukee, Wisconsin by December 31, 2012. On June 18, 2012, the Department agreed to permanently waive all penalties associated with the Company's noncompliance with this covenant. The outstanding borrowings under the agreement as of June 30, 2014 and December 31, 2013 were \$129,347 and \$154,463, respectively.

Promissory Note

On March 4, 2011, the Company sold all its Series 5 PLC product line assets to Wisconsin-based Dynamic Ratings, Inc. ("Purchaser") under an Asset Purchase Agreement ("APA"). Per the APA, the Company signed an unsecured Promissory Note (the "Note") due to Purchaser in the aggregate principal amount of \$700,000. The outstanding principal balance bears interest at the annual rate of 6% and was originally due on March 31, 2014. The Note may be prepaid in whole or in part, without penalty at any time. The Note contains certain earn-out provisions that encompass both the Company's and Purchaser's revenue volumes. Amounts earned under the earn-out provisions were applied against the Note on June 30, 2012 and June 30, 2013. For the three and six months ended June 30, 2013, the non-cash reduction of principal calculated under these provisions and applied to the Note was \$41,902. Payments not made when due, by maturity acceleration or otherwise, shall bear interest at the rate of 12% per annum from the date due until fully paid. Effective April 30, 2013, Purchaser approved an amendment to certain terms of the Note. Telkonet commenced a monthly payment of principal and interest of \$20,000 to be applied against the outstanding balance starting May 1, 2013. The interest rate remains unchanged at 6% and the maturity date was extended to January 1, 2016. The outstanding principal balance of the Note as of June 30, 2014 and December 31, 2013 was \$399,885 and \$506,024, respectively.

Revolving Credit Facility

On May 31, 2013, the Company entered into a Revolving Credit Facility (the "Agreement") with Bridge Bank, NA, (the "Bank") in a principal amount not to exceed \$2,000,000. The Agreement was subject to a borrowing base that was equal to the sum of 80% of the Company's eligible accounts receivable and 25% of the eligible inventory. On August 1, 2013 the Agreement was modified to include the eligible receivables and the eligible inventory of Ethostream. The Agreement was available for working capital and other lawful general corporate purposes. As of December 31, 2013 and March 31, 2014, the Company was in violation of a financial performance covenant. Although the Company's violation of the financial performance covenant constituted a default under the Agreement, the Bank did not pursue any remedies under the default provisions of the Agreement. On May 31, 2014, the Company and the Bank mutually agreed to terminate the Agreement and the Company paid the remaining outstanding principal balance of \$50,000.

Cash Flow Analysis

Cash provided by continuing operations was \$458,109 and \$10,267 during the six months ended June 30, 2014 and 2013, respectively. As of June 30, 2014, our primary capital needs included business strategy execution, inventory procurement and managing current liabilities.

Cash provided by investing activities was \$198,333 during the six months ended June 30, 2014 and cash used in investing activities was \$400,633 during the six months ended June 30, 2013, respectively. During the year ended December 31, 2012, the Company was awarded a contract with a bonding requirement. During the six months ended June 30, 2013, the Company satisfied this requirement with cash collateral supported by an irrevocable standby letter of credit in the amount of \$382,000. In 2014, the Company satisfied all obligations related to the bonding requirement and the cash was released. During the six months ended June 30, 2014, the Company purchased approximately \$120,667 of furniture and fixtures to furnish its new corporate office located in Waukesha, Wisconsin. These assets will be depreciated over their respective estimated useful lives.

Cash used in financing activities was \$131,255 and \$58,276 during the six months ended June 30, 2014 and 2013, respectively.

Our independent registered public accountants report on our consolidated financial statements for the year ended December 31, 2013 includes an explanatory paragraph relating to our ability to continue as a going concern. We have incurred operating losses in past years and are dependent upon our ability to develop profitable operations and/or obtain necessary funding from outside sources, including by the sale of our securities, or obtaining loans from financial institutions, where possible. These factors, among others, raise doubt about our ability to continue as a going concern and may also affect our ability to obtain financing in the future.

Management expects that global economic conditions will continue to present a challenging operating environment through 2014; therefore working capital management will continue to be a high priority for 2014.

The Company continues to manage its sales tax liability of approximately \$750,000 by establishing voluntary disclosure agreements ("VDAs") with the applicable states, which establishes a maximum look-back period and payment arrangements. However, if the aforementioned methods prove unsuccessful and the Company is examined or challenged by taxing authorities, there exists possible exposure of an additional \$320,000 in sales tax liability, not including any applicable interest and penalties.

Prior to 2014, the Company successfully executed and paid in full VDAs in nineteen states totaling approximately \$286,000 and is current with the subsequent filing requirements.

During the six months ended June 30, 2014, the Company successfully executed and paid in full VDAs in eight states totaling approximately \$103,000 and is current with the subsequent filing requirements. In addition, the Company executed VDAs with three other states and has established payment plans with these states.

Off-Balance Sheet Arrangements

The Company has no material off-balance sheet arrangements.

Acquisition or Disposition of Property and Equipment

During the six months ended June 30, 2014, the Company had \$120,667 of expenditures for furniture and fixtures. The Company does not anticipate any significant purchases of property or equipment during the next twelve months, other than computer equipment and peripherals to be used in the Company's day-to-day operations.

We presently lease two commercial office spaces in Germantown, Maryland totaling, in the aggregate, 16,400 square feet. Both leases expire in December 2015. On July 15, 2011, Telkonet executed a sublease agreement for 11,626 square feet of its space located in Germantown, Maryland. On June 27, 2012 the subtenant exercised its option to extend the expiration of the term of the sublease from January 31, 2013 to December 31, 2015.

Item 4. Controls and Procedures.

As of June 30, 2014, the Company performed an evaluation, under the supervision and with the participation of management, including the Chief Executive Officer and the Chief Financial Officer, of the effectiveness of the design and operation of its disclosure controls and procedures. Due to the lack of a segregation of duties and failure to implement accounting controls, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were ineffective as of the end of the period covered by this report.

During the six months ended June 30, 2014, there were no changes in the Company's internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings.

The Company is subject to legal proceedings and claims which arise in the ordinary course of its business. Although occasional adverse decisions or settlements may occur, the Company believes that the final disposition of such matters should not have a material adverse effect on its financial position, results of operations or liquidity.

Item 1A. Risk Factors.

There have been no material changes to risk factors previously disclosed in our annual report on Form 10-K for the year ended December 31, 2013 in response to Item 1A of Form 10-K.

Item 6. Exhibits.

CERTIFICATIONS

Certification pursuant to Section 302 of the Sarbanes-Oxley Act of 2002

I, Jason L. Tienor, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Telkonet, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CERTIFICATION PURSUANT TO
18 U.S.C. SECTION 1350,
AS ADOPTED PURSUANT TO
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002**

In connection with the Quarterly Report of Telkonet, Inc. (the "Company") on Form 10-Q for the period ended June 30, 2014 as filed with the Securities and Exchange Commission on the date hereof (the "Report"), I, Jason L. Tienor, Chief Executive Officer of the Company, certify, pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that:

- (1) The Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
- (2) The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.

This certification is being provided pursuant to 18 U.S.C. Section 1350 and is not to be deemed a part of the Report, nor is it to be deemed to be "filed" for any purpose whatsoever.
